## TESTIMONIALS

As a construction manager specializing in high-end themes, I was immediately convinced by Cover Styl'. For the Club Med Group, Cover Styl' is the perfect solution for the renovation of our holiday villages and a good substitute for various carpentry work on doors, design elements and furniture. This technical solution has a twofold advantage: the implementation and speed have positive economic impacts and require less time than conventional renovations. The decorative possibilities, structures and different colors offer designers a greater choice than conventional products. After a first, very satisfying experience, Cover Styl' is now a part of our product references.

**Frédéric DAVI** - Deputy Director of construction (Europa Africa zone)

During the renovation of our Novotel, we decided to redo our Bar Lounge and Spa. I've been pleasantly surprised by the reactivity and the advices provided by the Cover Styl' team. The solution/product itself is simply amazing! The big potential is simply amazing, especially when considering that the installation support were not simple flat surfaces.

Cover Styl' saved us a lot of time and a lot of money! That's why I strongly recommend using this product for Hotels, its price/performance ratio is incontestable!

**Dominique GRANDJONC** - General Manager Novotel Roissy CDG

For the renovation job, the utilization of an adhesive solution naturally came up, and this in order to get an astonishing result in short time.

Moldings, frames, partitions have been fully recovered with this magical film, that gives a genuine feeling of a real wood effect.

Thank you all for this job!

**Hubert MOURCELY** - Construction Manager

This solution is different than a traditional one. In a few words, Cover Styl' fully meets our expectations for long-term renovation. We have renovated over 190 rooms in a very short time and we recommend this very innovative solution for its quick application and resistance. It also has a very competitive price that makes it unbeatable!

**Denys ROYER** - Club Med Consultant

195 rooms seemed to be obsolete and Cover Styl' allowed us to put them on the same level without changing all the furniture. Cover Styl' was able to provide a similar wood color and uniformity of red that we needed. This choice allowed us to avoid the demolition of existing furniture and to simplify the construction of the work environment in a very short time. The flexibility, speed and cost of Cover Styl' have made it possible to renovate the elements without replacing them. For this reason, we have also been able to renovate some furniture and elevators that were not originally included in the project.
